American Job Center Oahu Network

WORKFORCE INNOVATION AND OPPORTUNITY ACT

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding ("MOU") is executed between the Chief Local Elected Official, Mayor of the City and County of Honolulu (hereinafter "Mayor"), the Oahu Workforce Development Board ("OWDB"), and the American Job Center One-Stop Partners (hereinafter "Partners"). They are collectively referred to as the "Parties" to this MOU.

1. PURPOSE

The purpose of this MOU is to establish a viable framework in which OWDB and Partners will be able to provide one-stop services for employers, their employees, those seeking employment, and other interested parties within the City and County of Honolulu.

The purpose of the American Job Center ("AJC") is two-fold: (1) to create a seamless system of service delivery that will enhance access to the individual programs' services while improving long-term employment outcomes for both job seeker and employers; and 2) to ensure that workforce development activities are provided by one-stop partners and are accessible at not less than one physical center (referred to as a one-stop), thus giving access to a continuum of workforce activities.

In entering into this agreement, the Parties make the commitment to maintain not only the basic provisions of the Workforce Innovation and Opportunity Act ("WIOA"), but also to enact the basic guiding principles for Oahu's One-Stop delivery system that services be:

- Integrated (offering as many employment, training, and education services as possible for employers and individuals seeking jobs or wishing to enhance their skills) and affording universal access;
- Comprehensive (offering a large array of useful information with wide and easy access to needed services);
- Customer Focused (providing the means for customers to judge the quality of services and make informed choices); and
- Performance Based (based on clear outcomes to be achieved; mutually negotiated outcomes and methods for measurements; and the means toward measuring and attaining customer satisfaction).

2. VISION OF THE AJC

All job-seekers will have the skills needed for sustainable employment and self-sufficiency now and in the future, and all employers who sustain, grow, and diversify our local economy will have competitively-skilled employees.

To reach this vision the City and County of Honolulu will work to achieve the following goals:

- provide coordinated, aligned services;
- prioritize services to vulnerable populations with barriers to employment as described under WIOA, including veterans, unemployed workers, individuals with disabilities, homeless individuals and Native Hawaiians, which are currently of critical concern in the State;

- develop sector strategies and support a career pathways system that will integrate education and training, and move skilled job seekers into high need industries and growth industries that will diversify the economy;
- support sustainable employment and self-sufficiency; and
- fully engage employers in the workforce development system.

All Government-agency Parties shall be responsible for damages or injury caused by their agents, officers, and employees in the course of their employment, to the extent that their liability for such damage or injury has been determined by a court or otherwise agreed to by the Government, and shall pay for such damages and injury to the extent permitted by law.

J. UNENFORCEABLE PROVISIONS

American Job Center Oahu Network

WORKFORCE INNOVATION AND OPPORTUNITY ACT INFRASTRUCTURE FUNDING AGREEMENT

This Infrastructure Funding Agreement ("IFA") is executed between the Chief Local Elected Official, Mayor of the City and County of Honolulu (hereinafter "Mayor"), the Oahu Workforce Development Board ("OWDB"), and the American Job Center One-Stop Partners (hereinafter "Partners"). They are collectively referred to as the "Parties" to this IFA.

1. PURPOSE

The purpose of this IFA is to establish the terms and conditions of how services and operating costs of the local workforce system will be funded. The IFA should capture cost sharing information on infrastructure funding of the American Job Centers ("AJC"), funding of shared services, operating costs of the System and the leveraging of in-kind contributions, as appropriate. All required AJC Partners, as described in the AJC Oahu Network Memorandum of Understanding ("MOU"), must work together to integrate shared services and leverage each other's resources to effectively and efficiently service common customers of the local workforce system. Annual checks on actual expenses versus budgeted will be conducted and the IFA adjusted accordingly.

2. BACKGROUND

The Workforce Innovation & Opportunity Act ("WIOA") requires that AJC Partners describe how the costs of services and the operating system will be funded, including:

- Cash and in-kind contributions that are fairly evaluated, which may include contributions from philanthropic organizations or private entities, or through alternative financing options, to provide a stable and equitable funding stream for ongoing AJC delivery system operations;
- Infrastructure costs of the AJC.

The required AJC Partners must use a portion of the program and activity funds to maintain service delivery in the local workforce system. The IFA is to be considered part of the WIOA MOU. **Attachment A – Memorandum of Understanding** provides the template and instructions that must be used as part of the WIOA MOU. Each local area is expected to use a separate IFA template for each AJC (both comprehensive and affiliate AJCs in a local area) within the local workforce system. In addition, a separate IFA template should be completed to capture information on costs that are important to the local workforce system, but are not tied to a physical AJC location. The total of these separate completed IFA templates should then be bundled into one "master" summary document to show total shared costs related to the local workforce system. The WIOA MOU must include all the aforementioned completed IFA templates to be considered fully executed.

As detailed in WIOA, the goal of the IFA is to develop a funding mechanism that:

- Maintains the local workforce delivery system to meet the needs of the local area;
- Reduces duplication by improving program effectiveness through the sharing of services, resources, and technologies among Partners;
- Reduces overhead by streamlining and sharing financial, procurement, and facility costs; and

- Ensures that costs are appropriately shared by the AJC Partners by determining contributions based on proportionate share of use, and requiring that all funds are spent solely for allowable purposes in a manner consistent with the applicable authorizing statute and all other applicable legal requirements, including the Federal cost principles.

The State's workforce delivery system is intended to function as a system where all customers can access valuable services and connect to resources necessary for their career success. The costs of operating this system, therefore, include non-personnel costs, such as facilities and technologies, in addition to personnel costs for those who deliver services directly to business and job seeker customers. Shared services' costs may include the costs of shared services that are authorized for, and may be commonly provided through, any of the AJC Partner programs to any individual, such as:

- Initial intake;
- Assessment of needs;
- Evaluation of basic skills;
- Identification of appropriate services to meet needs;
- Referrals to other AJC Partners; and
- Business Services.

Shared costs must be allocated according to AJC Partner's proportionate use and relative benefit received. Any shared costs agreed upon by the Partners must be included in the WIOA MOU.

The IFA component of the WIOA MOU must identify infrastructure and shared services of the local workforce system that will be reconciled on a monthly or quarterly basis against actual costs incurred and adjusted accordingly. The WIOA MOU/IFA should further identify how the partners will operate when overages or savings occur after reconciliation. This is required in order to ensure costs are fairly evaluated and that each Partner is not required to contribute more than its proportionate share in accordance with the Uniform Guidance at 2 CFR Part 200. NOTE: In order for the fiscal agent and other appropriate fiscal staff to reconcile the actual costs incurred, there must be an "IFA Working Copy" of the IFA that is related to, but apart from, the official IFA that is signed and fully executed as part of the WIOA MOU.

The purpose of the "IFA Working Copy" is to reconcile actual costs against the budgeted costs and to document the invoiced and received amounts. It is a tool for the Fiscal Agent and Fiscal Managers; the Fiscal Agent and Fiscal Managers can add additional fields and information as needed. The IFA Working Copy file is saved as a separate electronic file and is updated monthly or quarterly with:

- Actual expenditures;
- Amount of invoice; and
- Amount of payment.

The Governor expects IFA's to be transparent and negotiated among Partners on an equitable basis to ensure costs are shared appropriately. All partners must negotiate in good faith and seek to establish a WIOA MOU/IFA that is reasonable and fair.

3. INFRASTRUCTURE COSTS

WIOA Section 121(h) requires the following entities providing services within a Local Area to use a portion of their funds to maintain the workforce delivery system, including payment of a portion of the AJC infrastructure costs:

- Programs authorized under WIOA Title I Adult, Dislocated Worker, and Youth;
- Programs authorized under the WIOA Title III Wagner-Peyser Act;
- Adult education and literacy activities authorized under WIOA Title II;

- Programs authorized under Title I of the Rehabilitation Act of 1973;
- Activities authorized under Title V of the Older Americans Act of 1965;
- Career and technical education programs at the postsecondary level authorized under the Carl D. Perkins Career and Technical Education Act of 2006;
- Activities authorized under chapter 2 of Title II of the Trade Act of 1974;
- Activities authorized under chapter 41 of Title 38, United States Code;
- Employment and training activities carried out under the Community Services Block Grant Act;
- Employment and training activities carried out by the Department of Housing and Urban Development;
- Programs authorized under State unemployment compensation laws;
- Programs authorized under section 212 of the Second Chance Act of 2007; and
- Programs authorized under Part A of Title IV of the Social Security Act.

The requirement of WIOA 121(h) is based on the premise that joint funding of AJC infrastructure is a necessary foundation for an integrated service delivery system. AJC infrastructure costs are defined as non-personnel costs that are necessary for the general operation of the AJC, including, but not limited to:

- Rental of facilities;
- Utilities and maintenance;
- Equipment, including assessment-related products and assistive technology for individuals with disabilities; and
- Technology to facilitate access to the AJC, including technology used for the center's planning and outreach activities.

WIOA Final Rules specify that infrastructure costs are applicable to all required partners, whether they are physically located in the AJC or not. Each partner's contribution to these costs, however, may vary, as these contributions are based on the proportionate use and relative benefit received, consistent with the partner programs' authorizing laws and regulations and the Uniform Guidance at 2 CFR part 200.

Specifically, the Joint Regulations issued on June 30, 2016 provide the following regarding infrastructure costs:

Section 678.700(c) explains that a partner's contributions to the costs of operating and providing services within the one-stop delivery system must adhere to the partner program's Federal authorizing statute, and to all other applicable legal requirements, including the Federal cost principles that require that costs must be allowable, reasonable, necessary and allocable. These requirements and principles will help one-stop partners identify an appropriate cost allocation methodology for determining partner contributions. There are a variety of methods to allocate costs, for instance: based on the proportion of partner program's occupancy percentage of the one-stop center (square footage); the proportion of a partner program's customers compared to all customers served by the one-stop; the proportion of partner program's staff compared to all staff at the one-stop; or based on a partner program's use of equipment or other items that support the local one-stop delivery system.

The U.S. Department of Labor has stated that local agreements for funding the AJC infrastructure costs, as prescribed by Section 121(h), need to be satisfied in the funding agreements for the Program Year ("PY") 2023. However, the local funding agreements must satisfy the requirements of WIOA Section 121(h) for purposes of funding the AJC system in PY 2023.

A. LOCAL AND STATE INFRASTRUCTURE COST FORMULAS

Section 121 of WIOA provides two separate formulas for the provision of infrastructure costs: the locally negotiated formula and the State-based formula. All Local Areas are encouraged to come to a mutually beneficial infrastructure formula.

Section 121(h) notes that should consensus on a locally negotiated formula not be achieved, the State funding mechanism will be used.

When a locally negotiated formula is not achieved, and in accordance with Section 121, the Governor, after consultation with chief elected officials, local boards, and the State board, shall determine the portion of funds to be provided by each Partner. According to the Joint Regulations issued by the federal agencies on June 30, 2016, § 678.738 the Governor must calculate the statewide cap on the contributions for one-stop infrastructure funding required to be provided by each one-stop partner program for those local areas that have not reached agreement. The cap is the amount determined under paragraph (a)(4) of this section, which the Governor derives by:

- (1) Determining the percentage of the corresponding AJC Partner program provided in paragraph (d) of this section to the amount of the Federal funds provided to carry out the one-stop partner program in the State for the applicable fiscal year;
- (2) Selecting a factor (or factors) that reasonably indicates the use of AJCs in the State, applying such factor(s) to all local areas in the State, and determining the percentage of such factor(s) applicable to the local areas that reached agreement under the local funding mechanism in the State;
- (3) Determining the amount resulting from applying the percentage determined in paragraph (a)(2) of this section to the amount determined under paragraph Section 121 (a)(1) of this section for the AJC Partner program; and
- (4) Determining the amount that results from subtracting the amount determined under paragraph Section 121 (a)(3) of this section from the amount determined under paragraph Section 121 (a)(1) of this section. The outcome of this final calculation results in the Partner program's cap.

In accordance with WIOA Section 121(h)(2)(D), the following limitation apply to the Governor's calculation of the amount that one-stop partners in local areas that have not reached agreement under the local funding mechanism may be required under §678.736 to contribute to one-stop infrastructure funding:

- (1) WIOA formula programs and Wagner-Peyser Act Employment Service. The portion of funds required to be contributed under WIOA youth, adult, or dislocated worker programs, or under the Wagner-Peyser Act (29 U.S.C. 49 et seq.) must not exceed three percent (3%) of the amount of the program in the State for a program year.
- (2) Other one-stop partners. For required one-stop partners other than those specified in paragraphs Section 121 (c)(1), (3), (5), and (6) of this section, the portion of funds required to be contributed must not exceed 1.5 percent (1.5%) of the amount of Federal funds provided to carry out that program in the State for a fiscal year. For purposes of the Carl D. Perkins Career and Technical Education Act of 2006, the cap on contributions is determined based on the funds made available by the State for postsecondary level programs and activities under Section 132 of the Carl D. Perkins and Technical Education Act and the amount of funds used by the State under Section 112(a)(3) of the Perkins Act during the prior year to administer postsecondary level programs and activities, as applicable.
- (3) Vocation rehabilitation. (i) Within a State, for the entity or entities administering the programs described in WIOA Section 121(b)(1)(B)(iv) and §678.400, the allotment is based on the one State Federal fiscal year allotment, even in instances where that allotment is shared

between two State agencies, and the cumulative portion of funds required to be contributed must not exceed—

- (A) 0.75 percent (0.75%) of the amount of Federal funds provided to carry out such program in the State for Fiscal Year 2022 for purposes of applicability of the State funding mechanism for PY 2023;
 - (B) 1.0 percent (1%) of the amount provided to carry out such program in the State for Fiscal Year 2022 for purposes of applicability of the State funding mechanism for PY 2023;
 - (C) 1.25 percent (1.25%) of the amount provided to carry out such program in the State for Fiscal Year 2022 for purposes of applicability of the State funding mechanism for PY 2023; and,
 - (D) 1.5 percent (1.5%) of the amount provided to carry out such program in the State Fiscal Year 2022 and following years for purposes of applicability of the State funding mechanism for PY 2023 and subsequent years. (ii) The limitations set forth in paragraph (d)(3)(i) of this section for any given fiscal year must be based on the final VR allotment to the State in the applicable Federal fiscal year.
- (4) TANF programs. For purposes of TANF, the cap on contributions is determined based on the total Federal TANF funds expended by the State for work, education, and training activities during the prior Federal fiscal year (as reported to the Department of Health and Human Services (“HHS”) on the quarterly TANF Financial Report form), plus any additional amount of Federal TANF funds that the State TANF agency reasonably determines was expended for administrative costs in connection with these activities but that was separately reported to HHS as an administrative cost. The State’s contribution to the one-stop infrastructure must not exceed 1.5 percent (1.5%) of these combined expenditures.
- (5) Community Services Block Grant (“CSBG”) programs. For purposes of CSBG, the cap on contributions will be based on the total amount of CSBG funds determined by the State to have been expended by local CSBG-eligible entities for the provision of employment and training activities during the prior Federal fiscal year for which information is available (as reported to HHS on the CSBG Annual Report) and any additional amount that the State CSBG agency reasonably determines was expended for administrative purposes in connection with these activities and was separately reported to HHS as an administrative cost. The State’s contribution must not exceed 1.5 percent (1.5%) of these combined expenditures.

Again, local consensus is preferred, and is a necessary part of moving a local workforce system toward collaboration.

B. ALLOCATION BASE for INFRASTRUCTURE COSTS

Infrastructure costs must be allocated according to the proportion of benefit received by each of the required AJC Partners. Each partner must work collaboratively with the State and the Local Workforce Board to establish and maintain the AJC delivery system’s infrastructure.

For the duration of the IFA agreement, the required Parties must pay their portion of shared costs of each Center. The shared costs, the allocation method, and each Party’s share must be jointly agreed to and identified in the IFA. (See attachment 1)

C. CASH, NON-CASH and THIRD PARTY IN-KIND

Infrastructure costs may be provided for on a cash, non-cash, or third party in-kind basis.

- Cash Contributions are those cash contributions made by required Partners to cover infrastructure expenses or cash payments made by required Partners to another entity (usually the One-Stop Operator) to cover infrastructure costs of the comprehensive AJC(s).
- Non-Cash Contributions may include donations of goods or services, or the documented value of supporting costs of items owned by a Partner program and used by the AJC.

For example, a Partner's proportionate share of the AJC operating costs is \$15,000. The Partner does not have sufficient cash or other resources to fully fund its share, and wishes to donate (not for its own individual use) gently used surplus computer equipment. In accordance with the requirements of 2 CFR 200.306, the computers are valued at \$10,000.

- Third-Party In-Kind Contributions are made by individuals or entities that are not Partners to the WIOA MOU. Third-party in-kind contributions are contributions of space, equipment, technology, non-personnel services, or other like items to support the costs associated with the AJC operations. There are two types of third-party in-kind contributions that may count towards infrastructure costs.
 - (1) General contributions to AJC operations (i.e., those not connected to any individual AJC Partner); and
 - (2) Those made specifically to an AJC Partner program (third-party donor contributions).

For example of general contributions consider the following: A general in-kind contribution could be a city government allowing the AJC to use city space rent free. These in-kind contributions would not be associated with one specific Partner, but rather would go to support the AJC generally and would be factored into the underlying budget and cost pools used to determine proportionate share. The result would be a decrease in the amount of funds each Partner contributes, as the overall budget will have been reduced. For example of a third party-donor contribution to an AJC Partner rehabilitation program, which then gives it to an AJC. So long as the assistive technology was in the AJC's operating budget's infrastructure costs, the Partner could then value the proportionate share contribution. One caveat, however, is that prior to accepting in-kind contributions from a Partner (via a 3rd party donor), there would need to be agreement among the Partners on cost allocation methodology to ensure that other infrastructure operating costs are sufficiently covered through cash and non-cash contributions.

D. IN-KIND ARRANGEMENTS

Parties to the IFA may contribute to the costs of the Partnership on an in-kind basis. Such a contribution must be agreed upon by all of the Parties as a part of the locally negotiated formula and may be used to offset the costs of a Party's responsibility identified in the cost allocation plan, when appropriate. In-kind contributions must be identified in the IFA. For additional details on in-kind arrangements, see **Infrastructure Costs**.

4. FISCAL AGENT FOR THE INFRASTRUCTURE FUNDING AGREEMENT

The City and County of Honolulu will be designated as the IFA Fiscal Agent. Rent and other building costs are usually the largest shared costs, and the IFA Fiscal Agent is responsible for billing the other Parties for their share of the cost. If the IFA Fiscal Agent is also a direct provider of service, he/she must adhere to WIOA Title I, subtitle E (Administration) and §679.430 to ensure appropriate firewalls within a single entity performing multiple functions.

The IFA Fiscal Agent is charged with accounting and funds management as defined under Paragraph (b) of §679.420. Per WIOA Final Rules, the appropriate role of fiscal agent is limited to accounting and funds management functions rather than policy or service delivery. Specifically, the IFA Fiscal Agent must:

- Receive funds;
- Ensure sustained fiscal integrity and accountability for expenditures of funds in accordance with the Office of Management and Budget circulars, WIOA, and the corresponding Federal Regulations and State Policies;
- Respond to audit financial findings;
- Maintain proper accounting records and adequate documentation;
- Prepare financial reports; and
- Provide technical assistance to sub-recipients regarding fiscal issues.

Additional allowable functions, at the direction of the Local Board, are to:

- Procure contracts or obtain written agreements;
- Conduct financial monitoring of service providers; and/or
- Ensure independent audit of all employment and training programs.

5. AMERICAN JOB CENTER OAHU NETWORK INFRASTRUCTURE FUNDING AGREEMENT

The purpose of this section is to establish a financial plan, including terms and conditions, to fund the services and operating costs of the AJC Oahu Network. The Parties to the IFA agree that joint funding is a necessary foundation for an integrated service delivery system. The goal of the operating budget is to develop a funding mechanism that:

- Establishes and maintains the Local workforce delivery system at a level that meets the needs of the job seekers and businesses in the Local area;
- Reduces duplication and maximizes program impact through the sharing of services, resources, and technologies among Partners (thereby improving each program's effectiveness);
- Reduced overhead costs for any one partner by streamlining and sharing financial, procurement, and facility costs; and
- Ensures that costs are appropriately shared by AJC Partners by determining contributions based on the proportionate use of the one-stop centers and relative benefits received, and requiring that all funds are spent solely for allowable purposes in a manner consistent with the applicable authorizing statutes and all other applicable legal requirements, including the Uniform Guidance.

The Partners consider this one-stop operating budget the master budget that is necessary to maintain the City & County of Honolulu Local area's high-standard AJC network. It includes the following cost categories, as required by WIOA and its implementing regulations:

- Infrastructure costs (also separately outlined in the IFA);
- Career services; and
- Shared services.

All costs must be included in the IFA, allocated according to Partners' proportionate use and relative benefits received, and reconciled on a quarterly basis against actual costs incurred and adjusted accordingly. The one-stop operating budget is expected to be transparent and negotiated among Partners on an equitable basis to ensure costs are shared appropriately. All Partners must negotiate in good faith and seek to establish outcomes that are reasonable and fair.

Of note, the one-stop operating budget contains cost categories that are specifically identified in the statute: infrastructure cost and additional costs (which must include applicable career services and may include shared operating costs and shared services that are related to the operation of the one-stop). Refer to TEGL 17-16, RSA TAC 17-03, and OCTAE Program Memo 17-3, Infrastructure Funding of the One-Stop Delivery System for more information.

A. PARTNER CONTRIBUTION AMOUNTS

Refer to the attached Infrastructure Funding Model showing how much each Partner will contribute each year (broken down by allocation base and by cost category) to the cost of operating the AJC Oahu Network.

6. INFRASTRUCTURE FUNDING AGREEMENT

AJC infrastructure costs are defined as non-personnel costs that are necessary for the general operation of the AJC, including, but not limited to:

- Rental of the facilities;
- Utilities and maintenance;
- Equipment, including assessment-related products and assistive technology for individuals with disabilities; and
- Technology to facilitate access to the AJC, including technology used for the center's planning and outreach activities.

All Parties to the MOU and IFA recognize that infrastructure costs are applicable to all required Partners, whether they are physically located in the AJC or not. Each partner's contributions to these costs, however, may vary, as these contributions are based on the proportionate use and relative benefit received, consistent with the Partner programs' authorizing laws and regulations and the Uniform Guidance.

A. PARTNERS

Partners funding the costs of infrastructure according to this IFA are the same as identified in the **Partners** section of the MOU.

B. STEPS to REACH CONSENSUS

All Parties agree that the steps to reach consensus for this IFA will be the same as described in the **Dispute and Resolutions** section of the MOU. Partners will make a concerted effort to negotiate the IFA along with the remainder of the MOU, including the overall operating budget, for the AJC Oahu Network.

C. DISPUTE and IMPASSE RESOLUTION

All Parties will actively participate in the Local IFA negotiations in a good faith effort to reach agreement. Any disputes shall first be attempted to be resolved informally. Should informal resolution efforts fail, the process outlined in the **Dispute and Resolution** section of the MOU must be followed.

If Partners in a Local area have employed the dispute resolution process and have failed to reach consensus on an issue pertaining to the IFA, then an impasse is declared and the State Funding Mechanism ("SFM") is triggered.

NOTES: failure by only one (1) of the required Partners to reach consensus with respect to the infrastructure costs in the IFA will trigger implementation of the SFM, even if all required Partners except one agree on the terms of the IFA. Exceptions:

- (1) The lack of agreement on infrastructure costs with Native American programs does not trigger the SFM for a Local area, and the Native American programs are not subject to the SFM; and,
- (2) A failure to reach consensus on career services or shared services costs does not trigger the SFM.

Step 1: Notice of Failure to reach consensus given to the Governor.

If the Parties cannot reach consensus on the methods of sufficiently funding the one-stop infrastructure costs and the amounts to be contributed by each Local Partner program, the OWDB is required to notify the Governor. Notification must be given to the Governor by March 31, 2023 (three months prior to the projected MOU start date), according to the Hawaii State Workforce Development Policy Number 03-16, Infrastructure Funding.

Step 2: Negotiation materials provided to Governor.

The OWDB Chair (or designee) must provide the appropriate and relevant materials and documents used in the negotiations to the Governor, preferably at the time of the notification of failure to reach consensus, but no later than five (5) business days thereafter. At a minimum, the OWDB Chair (or designee) must provide to the Governor:

- The Local WIOA Plan;
- The cost allocation methodology or methodologies proposed by the Partners to be used in determining proportionate share;
- The proposed amounts or budget to fund infrastructure costs;
- The amount of Partner funds included;
- The type of funds (cash, non-cash, and third-party in-kind contributions) available (including all documentation on how Partners valued non-cash and third-party in-kind contributions consistent with 2 CFR 200.306);
- Any proposed or agreed on AJC budgets (for individual centers or a network of centers); and
- Any partially agreed upon, proposed, or draft IFAs.

OWDB may also provide the Governor with additional materials that they or the Governor find to be appropriate.

Step 3: Governor Determinations and Calculations

The Governor will:

- Determine one-stop center infrastructure budget(s);
- Establish cost allocation methodology(s);
- Determine Partners' proportionate shares;
- Calculate statewide caps;
- Assess the aggregate total of infrastructure contributions as it relates to the statewide cap; and
- Adjust allocations.

Once all determinations and calculations are completed, the Governor will notify the OWDB Chair (or designee) of the final decision and provide a revised IFA for execution by the Parties.

Step 4: IFA Execution

The IFA becomes effective as of the date of signing by the final signatory.

Programs may appeal the Governor's determinations of their infrastructure cost contributions in accordance with the process established under 20 CFR 678.750, and 34 CFR 463.750.

NOTE: failure by only one (1) of the required Partners to reach consensus with respect to the infrastructure costs in the IFA will trigger implementation of the SFM, even if all required Partners except one agree on the terms of the IFA. Exceptions:

During the negotiation process of an MOU, Local WDBs should make all Partners aware of the following information (as outlined in TEGL 17-16, RSA TAC 17-03, and OCTAE Program Memo 17-3, Infrastructure Funding of the One-Stop Delivery System):

The SFM does not apply to additional partners and cannot be triggered by an additional partner's disagreement of the terms of the IFA or their refusal to sign the IFA. While additional partners are not subject to the SFM, they still are required to contribute to one-stop infrastructure cost funding in accordance with the program's proportionate use of the one-stop center and relative benefit received, consistent with the requirements for one-stop Partner contributions in WIOA, 20 CFR Part 678, and the Uniform Guidance at 2 CFR Part 200.

Under the SFM, for required Partner programs in which grant awards are made to entities that are independent of the authority of the Governor, such as Job Corps center contractors or grant recipients of the U.S. Department of Labor national programs, the determination of the amount each of the applicable partners must contribute to assist in paying the infrastructure costs of one-stop centers continues to be made by the Governor, through the authority granted to the Governor by WIOA and the regulations.

As required one-stop partners, Native American programs are strongly encouraged to contribute to infrastructure costs, but they are not required to make such contributions under WIOA. Any agreement regarding the contribution or non-contribution to infrastructure costs by Native American programs must be documented in the MOU and must be based on the program's proportionate use and relative benefits received, consistent with the Uniform Guidance. The lack of agreement on infrastructure costs with Native American programs does not trigger the SFM for the Local area, and the Native American programs are not subject to the SFM.

D. NON-PAYMENT

All Partners are required to pay their proportionate share of the infrastructure costs allocated to AJC Partner's proportionate use. Failure to pay will result in the IFA Fiscal Agent to follow the Budget and Fiscal Services collections policy:

- a. First Reminder Notice. If payment has not been received after 30 days from the billing or invoice date, a first notice shall be mailed.
- b. Payment Due or Else Notice. If payment has not been received after 60 days from the billing or invoice date, a second notice shall be mailed.

- c. Phone Contact. Phone calls are important and must be an integral part of the collection effort. Phone calls must be made in conjunction with the mailing of both the first and second notices. As a guideline, phone calls should be made on all accounts with an outstanding balance of \$100 or more.
- d. Referral to Collection Agency. If payment or a promise to pay has not been received after 90 days from the billing or invoice date, all delinquent accounts, regardless of the amount, shall be referred to the collection agency, approved by the Director of Budget and Fiscal Services for collection.
- e. Documentation of Collection Efforts. Documentation is an essential part of the collection activity. Not only does it provide a trail of the activity undertaken, but it also facilitates future collection efforts. A Collection Follow-up Log shall be used to document all collection activity, i.e., mailing of notices, telephone calls, referral to collection agency, etc.

E. MODIFICATION PROCESS

All Parties agree to abide by the process for modification, as outlined in the **Modification** section of the MOU.

F. EFFECTIVE PERIOD

This IFA is entered into on June 1, 2023. This IFA will become effective as of the date of signing by the final signatory below and must terminate on June 30, 2026, unless any of the reasons in the **Termination** section of the MOU apply.

Infrastructure Funding Agreement Partner Square Footage and Rent Allocations

Definitions:

- **Total Square Footage:** Is the total square footage of within the AJCH.
- **Allocated Square Footage:** Is the portion of square footage that is usable for programmatic purposes within the AJCH.
 - These spaces are occupied by and allocated to a partner or specified grant funding source.
- **Common Area Square Footage:** Remaining square footage in the AJCH that is not usable for programmatic purposes, i.e. walkways, lobbies, etc.
 - AJCH common areas include the reception and waiting area, storage spaces, kitchen, corridors, walkways and break rooms.
 - *The common area is a shared cost amongst all programs and partners co-located at the AJCH. A program or partner's share of this common area is based on the square footage of space that is allocated to that program or partner.*

Measurements:

- **Total Square Footage:** 12,094.54 – as measured by WorkHawaii
- **Allocated Square Footage:** 8,778.80 – as measured by WorkHawaii
- **Common Area Square Footage:** 3,315.74 – as calculated by WorkHawaii
 - Total Square Footage – Allocated Square Footage = Common Area Square Footage
 - $12,094.54 - 8,778.80 = 3,315.74$

Program and/or Partner Rent Calculation:

- Program or Partner's Allocated Square Footage + Fair Share of Common Area Square Footage/Total Allocated Square Footage = Program or Partner's Percentage of Rent
- Rent x Program or Partner's Percentage of Rent = Program or Partner's Share of Rent

- Example – OSO Rent

- $65.80 \text{ (total allocated sq ft + common area sq ft)} / 8,778.80 \text{ (total allocated sq ft)} = .007495$
- $41,947.26 \text{ (Rent amount from invoice)} \times .007495 \text{ (Program or Partner's Percentage of Rent)} = \$314.41 \text{ (OSO share of rent)}$

WorkHawaii receives the monthly rent invoice for the American Job Center Hawaii from the landlord monthly. This invoice is provided to the City and County of Honolulu's Budget and Fiscal Services Department and the Oahu Workforce Development Board (OWDB). OWDB will calculate each partner's fair share of rent, using the above listed formulas, and will forward the rental amounts to the One-Stop Operator. The One-Stop Operator will invoice the partners for their calculated fair share of rent monthly.
